Maturitas, 9 (1988) 393—395
Elsevier Scientific Publishers Ireland Ltd.

Contents Volume 9

M. Brincat, E. Versi, T. O'Dowd, C.F. Moniz, A. Magos, S. Kabalan, J.W.W. Studd
Skin collagen changes in post-menopausal women receiving oestradiol gel 1
B. Moore, M. Paterson, D. Sturdee
Effect of oral hormone replacement therapy on liver function tests 7
F. Orlandi, L. Dogliotti, M. Torta, G. Buzzi, C. Naldoni, A. Mazzotti, A. Angeli
Shifted distribution of cation-related cyst types in post-menopausal patients with gross cystic disease of the breast 17
S. Brody, K. Carlström, A. Lagrelius, N.-O. Lunell, G. Möllerström
Adrenal steroids in post-menopausal women: relation to obesity and to bone mineral content 25
L. Enk, G. Silfverstolpe, N. Crona
Dose and duration effects of oestradiol valerate on serum apolipoproteins A1 and B 33
J.G. Greene, D.M. Hart
Evaluation of a psychological treatment programme for climacteric women 41
H.I. Abdalla, G. Beastall, D. Fletcher, J.S. Hawthorn, J. Smith, D. McK Hart
Sex steroid replacement in post-menopausal women: effects on thyroid hormone status 49
R.A. Wild, J.R. Buchanan, C. Myers, T. Lloyd, L.M. Demers
Adrenal androgens, sex-hormone binding globulin and bone density in osteoporotic menopausal women: is there a relationship? 55
J. Holst, S. Cajander, B. von Schoultz
Endometrial effects of a continuous percutaneous oestrogen/low dose oral progestogen regimen for climacteric complaints 63
E. Hirvonen, A. Lipasti, M. Mälkönen, J. Kärkkäinen, J. Nuntila, H. Timonen, V. Manninen
Clinical and lipid metabolic effects of unopposed oestrogen and two oestrogen-progestogen regimens in post-menopausal women 69
M.J. Tikkanen, T. Kuusi, E.A. Nikkilä, S. Sipinen
Post-heparin plasma hepatic lipase activity as predictor of high-density lipoprotein response to progestogen therapy: studies with cyproterone acetate 81
S. Batra, S. Iosif
Progesterone receptors in vaginal tissue of post-menopausal women 87
D.E. Parkin, D. Smith, Farook Al Azzawi, R. Lindsay, D.M. Hart
Effects of long-term ORG OD 14 administration on blood coagulation in climacteric women 95
D. Hellberg, S. Nilsson
Pilot study to evaluate a new regimen to treat climacteric complaints with cyclic combined oestradiol valerate/medroxyprogesterone acetate (Short Communication) 103

Editor's Acknowledgement 109

R. Don Gambrell, Jr.
Guest editorial 111
H. Vorherr
Endocrinology of breast cancer 113
R. Don Gambrell, Jr.
Hormone replacement therapy and breast cancer 123
K.I. Bland
Risk factors as an indicator for breast cancer screening in asymptomatic patients 135
J.B. Buchanan
Xeromammography 163

R.B. Greenblatt, V.B. Mahesh, D. Sullivan
Gross cystic disease of the breast 171
D.J. Marchant
The surgical treatment of breast cancer 183
R. Don Gambrell, Jr.
Editor's summation of workshop on the breast 193
W.H. Utian
Editorial 199
V.M. Jasonni, S. Naldi, P. Ciotti, C. Bulletti, C. Flamigni
Comparative metabolism of oestrone sulphate after oral and intravenous administration in post-menopausal women 201
P.B. Jensen, J. Jensen, B.J. Riis, P. Rødbro, V. Strøm, C. Christiansen
Climacteric symptoms after oral and percutaneous hormone replacement therapy 207
P.A. Kaufert, P. Gilbert, R. Tate
Defining menopausal status: The impact of longitudinal data 217
M.G.M. Bergmans, J.M.W.M. Merkus, R.S. Corbey, L.A. Schellekens, J.M.H. Ubachs
Effect of Bellergal retard on climacteric complaints: A double-blind, placebo-controlled study 227
C.B. Ballinger, M.C.K. Browning, A.H.W. Smith
Hormone profiles and psychological symptoms in peri-menopausal women 235
C.D. Fletcher, E. Farish, M.M. Dagen, D.M. Hart
A comparison of the effects of lipoproteins of two progestogens used during cyclical hormone replacement therapy 253
J. Jensen, C. Christiansen
Dose-response effects on serum lipids and lipoproteins following combined oestrogen-progestogen therapy in post-menopausal women 259
A.S. Villecco, D. de Aloysio, G. Pilati, M. Mauloni, A. Roncuzzi, F. Bottiglioni, E. Pisi
Non-invasive 24-hr monitoring of high blood pressure in climacteric outpatients 267
G. Gelmini, R. Delsignore, V. Coiro
Evaluation of erythrocyte deformability in pre-menopausal and post-menopausal women 275

Abstract section 283

In Memoriam 287
D. Mellström, P. Ekelund, I. Milsom, U. Molander
Special health services — An introduction to a programme for elderly women with urinary incontinence and related symptoms 289
N. Fröhlander, B. von Schoultz
Growth hormone and somatomedin C during post-menopausal replacement therapy with oestrogen alone and in combination with an antioestrogen 297
N. Crona, G. Samsioe, U-B. Lindberg, G. Silfverstolpe
Treatment of climacteric complaints with ORG OD 14: A comparative study with oestradiol valerate and placebo 303
P.R. Figueroa-Casas, I. Schlaen
Sequential use of conjugated estrogens and medroxiprogesterone in the climacteric syndrome: Clinical and histological findings 309
C. Hassager, C. Christiansen
Blood pressure during oestrogen/progestogen substitution therapy in healthy post-menopausal women 315
P.K. Heinonen, P. Mörsky, R. Aine, T. Koivula, P. Pystynen
Hormonal activity of epithelial ovarian tumours in post-menopausal women 325
S.H. Pedersen, B. Jeune
Prevalence of hormone replacement therapy in a sample of middle-aged women 339
C.D. Fletcher, E. Farish, M.M. Dagen, B.F. Allam, D.M. Hart
Effects of conjugated equine oestrogens with and without the addition of cyclical norgestrel on serum and urine electrolytes, and the biochemical indices of bone metabolism and liver function 347

D. de Aloysio, A.S. Villecco, A.G. Fabiani, M. Mauloni, P. Altieri, L. Miliffi, F. Bottiglioni
Body mass index distribution in climacteric women 359
B. Schurz, M. Metka, G. Heytmanek, G. Wimmer-Greinecker, E. Reinold
Sonographic changes in the endometrium of climacteric women during hormonal treatment (*Short Communication*) 367
H. Enzelsberger, M. Metka, G. Heytmanek, B. Schurz, Ch. Kurz, M. Kusztrich
Influence of oral contraceptive use on bone density in climacteric women (*Short Communication*) 375
